

Hello Sunshine Families.

If you attended our Family Fun Night on Friday, you know it was a huge success (again)! The division baskets were incredible-so fun and our auction items were very generous. A huge thank you to our Grade 7 students for creating their fun and engaging games plus returning to school to run them. This is an annual community event and without the support of so many, it would not happen. Sherri and Jashan, the FFN coordinators, and their committee...we applaud you. Even the power outage a couple of hours before start time did not dampen anyone's spirit, energy or drive to put on a great night. Brian, our parent DJ, kept things grooving to some terrific tunes. To everyone who contributed in any way, thank you for supporting your School-École Élémentaire Sunshine Hills School. I hope you've all had a wonderful weekend.

With Appreciation-

Keri Hanlon, Principal/Directrice
