

Dear Members,

Summer is almost here! If you are looking for some fun ways to include some French this summer, check out the camps and virtual activities below. If you haven't already, take a few minutes to answer the short surveys from CPF BC & Yukon and make sure your experience counts! They are asking parents, guardians, and students to complete a short survey to help better understand the current state of French Immersion in BC, especially around enrolment, student attrition, and retention. Your voice matters, but the survey closes this Friday (June 13).
