**Emergency Preparedness Fee**

Last year, the school district introduced an annual **\$10 Emergency Preparedness Fee** to help ensure every school is equipped with essential emergency supplies - such as food, water, and first aid items - in the event of a major incident like an earthquake ([see letter from May 2024](#)). As of mid-June, we have collected more than \$125,000, which is already being used to ensure each school is stocked with emergency food and water reserves.

Our ultimate goal is to maintain at least a **three-day supply of food and water for every student**. This annual fee, due at the beginning of each school year, plays a vital role in helping us meet that goal and allows us to replace supplies as they expire. In September, you'll receive more details on how to pay this fee for the 2025/2026 school year. If your family requires financial support in relation to this fee, please contact the school office. Discretion will be maintained.
