

Hello Sunshine Families.

June is such an incredibly busy month for all of us. This week includes many field trips and local outings for our students. It is hard to believe that our Grade 7 cohort will be moving along to high school. Their special ceremony is this week so we are getting ready to say goodbye. It has been quite the year and special in so many ways. Thank you to our families for the great support and positive energy.

Have a wonderful Sunday.

Kindly,

Keri Hanlon
